OEMConfig

RHINO: Built for Enterprise

- Designed and built exclusively for enterprise.
- Play Protect certified so you get access to Google apps and APIs.
- Security updates every 90 days and at least one major OS upgrade.
- Guaranteed product availability for minimum 3 years.
- Works with any Enterprise Mobility Management (EMM) platform, including Mambo®.
- Free custom device branding and packaging (MOQ).

Android Enterprise Managed & Secure

- Leverage the power of Android Enterprise to manage and secure your entire device fleet.
- Zero-touch enrollment so all your devices are configured and ready out-of-the-box.
- Multi-layered hardware and software security layers to continuously protect devices 24/7.
- Defend against malware and Potentially Harmful Apps (PHAs) with Google Play Protect.
- Work profile helps separate and secure your company's data.
- Push and configure enterprise apps via Managed Google Play.

SOCIAL MOBILE®

Social Mobile is an enterprise mobility solutions provider who designs, engineers, and manages custom mobility solutions for clients in all industries from healthcare to retail to defense. We are a validated Android Enterprise Gold partner, Android validated device manufacturer, Play Protect certified partner, Android Enterprise Recommended EMM, and Zero-touch enrollment partner.
